HOTELCO QUALITY

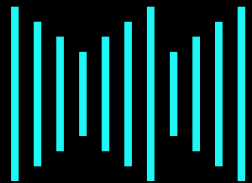

CLIENT FEEDBACK

"An ear for special requests! First of all, after intensive research, HOTELCO was the only service provider who could offer everything in one package for our special virtual event. And this also in a reasonable price range. In retrospect, I learned to appreciate very much that HOTELCO was always available, provided professional solutions and answers as well as fast suggestions for improvement.

In the end, we won the **GERMAN BRAND AWARD 2018** with this event."
